

Donor Awareness Day set

Lisle has declared Saturday Donor Awareness Day to help bring recognition to the chronic shortage of organ donors in Illinois. Residents may register or re-register to be organ donors through the Donate Life Illinois initiative at a table setup from 9 a.m. to 4 p.m. Saturday at Jewel Food Store, Route 53 and Maple Avenue, Lisle. The state began a new registry in 2006 and it no longer is valid just to sign your driver's license to be an organ donor. Registration also may be done online at www.DonateLife Illinois.org.
