

## **Trinity hosting organ donor drive April 18**

Trinity is taking part in an important campaign to recognize the gift of organ donation that helps the many thousands in need of life-giving transplants by partnering with Gift of Hope Organ & Tissue Donor Network for an organ donor registration drive.

Gift of Hope will host a special information booth from 11 a.m. to 1 p.m., Friday, April 18, in the Trinity West Campus lobby in Rock Island. A Gift of Hope representative will be present to answer specific questions about donation and assist with on-line registration. Hard copies of the registration form also will be available. The public is invited to stop by, ask questions and sign-up.

Illinois residents must re-register their decision if they have not done so since Jan. 1, 2006 to ensure their wishes will be honored under a new law that became effective in 2007.

Learn more about donation and register your decision by visiting Gift of Hope's Web site at [giftofhope.org](http://giftofhope.org).
